

CONSIDER YOUR PATIENTS

Consider the Transmed Advantages

If you have patients in need of diagnostic ultrasound services, you can help them save time and money by recommending

Transmed Inc.
The Ultrasound Professionals

CONSIDER: CREDIBILITY

Transmed has been providing quality ultrasound services since 1986. Our team of registered sonographers are the finest in the business, conducting ultrasound exams with state-of-the-art equipment.

CONSIDER: PERSONAL ATTENTION

We are proud to be Joint Commission accredited, adhering to the highest standards of patient safety and care. Patient satisfaction and convenience set us apart.

Our registered sonographers are able to **spend more time with your patients**, creating a more personable and relaxed experience.

7001 S. Lyncrest Place Suite 101,
Sioux Falls, SD 57108 • (605) 274-2525
transmedultrasound.com

CONSIDER: CONVENIENCE

We are **conveniently located** one block west of 77th and Minnesota Ave. in Sioux Falls. Facilities outside of Sioux Falls can also utilize our **mobile outreach services**.

We offer **quick turnaround times**, giving you necessary results to administer care.

CONSIDER: COST

Transmed can help you and your **patients save time**, but what about dollars and cents? On average, across a variety of ultrasound specialties, ultrasound exams at **Transmed cost considerably less**.

What does this mean for your patients? They can save money on their healthcare by having their ultrasound done at Transmed.

CONSIDER: PATIENT RIGHTS

Patients have the right to choose where and from whom they have an ultrasound exam, and you can empower your patients by recommending Transmed. Since Transmed provides **fast results, more convenient, personable care, and costs considerably less** on average, recommending Transmed to your patients lets them take advantage of their best option for diagnostic ultrasound.
